I have found that allowing 10 Per Cent. Discount for  
Cash is entirely satisfactory to myself, as well as to

my Customers, and from now on will sell 10 Per Cent. off for Cash

### Meeting of Town Fathers

The first meeting of the year for the Blairmore town councilors was held on Monday night last, when the attendance was so large that Mike Rossi was obliged to sit on a "tumbler."

The following members of the new council were present: A. McLeod, D. C. Drain, F. E. Hinds, D. A. Sinclair, and W. A. Beebe.

The minutes of the last meeting held in December were read and adopted, after which a number of correspondence were received.

The latter included a letter from the Department of Municipal Affairs regarding the proposal of a crossing over the railway at Eighth and Twelfth Avenues. The letter stated that an order had been given for the opening up of the road allowance as a crossing at Twelfth Avenue.

A letter was also received from the C. P. R., suggesting the opening of a crossing at

the intersection of Eighth or Twelfth Avenues. Each recommendation was received and considered as most satisfactory for the present needs, being just east of the iron bridge over Lyon Creek and would be very much more convenient for people living in the Pelletier addition than the route at present in use, as well as affording easier access to the Brewery locality.

Reports were received from the health officer, Dr. A. H. Baker, and from the chief of police, of work done in their respective departments during the past year.

The following accounts were read and ordered paid, subject to verification by the different committees: H. G. Bigelow \$10.25; West Canadian Collieries \$3.50; Crows' Nest Flour & Feed Co.

W. A. Malcolm \$24.40; S. Ennis \$15.40; R. Smallwood \$50.50; E. Morino \$151.50; Macleod & Gray \$50.00; L. Badot \$3.00; Royal Bank of Canada \$3.00; Dominion Pipe Co. \$2,841.45; Dawson & Green \$42.15; Telephone \$1.40; W. J. Bartholt \$16.75; W. J. Budd \$47.50; Light \$55.00; R. M. Briscoe \$13.75; Dr. A. H. Baker \$85.50; J. R. Irwin \$100.00; W. L. Shera \$105.00; W. A. Chester \$5.00; Tailor \$3.50.

Sinclair-Hinds — That By-Law No. 17, to provide for the borrowing from the Union Bank of Canada the sum of \$7,500 to meet current accounts until such time as taxes sufficient to cover such amount were collected, was read a third time.

McLeod-Drain — That secretary-treasurer advise H. C. Moore that his services as temporary collector would no longer be required. Carried.

Beebe-Sinclair — That secretary-treasurer advise J. R. Irwin that his services as chief of police for the town were no longer required. Vote cast two for, two against, and mayor recorded against the motion.

### Matter of engaging a town solicitor was laid over till next meeting.

A draft of committees was read and received. The following are the committees for 1913:

Works and Property  
W. A. Beebe, A. McLeod, R. M. Briscoe.

Waterworks  
R. M. Briscoe, F. E. Hinds, D. C. Drain.

License and Police  
F. E. Hinds, D. A. Sinclair, W. A. Beebe.

Health and Relief  
A. McLeod, W. A. Beebe, R. M. Briscoe.

Fire and Light  
D. C. Drain, F. E. Hinds, D. A. Sinclair.

Finance  
D. A. Sinclair, D. C. Drain, A. McLeod.

Sinclair-Drain — That salary of secretary-treasurer Shera be increased to \$100 per month. Carried.

Meeting closed about ten minutes before the time set by the provincial government for the closing of the bars.

### Correct Hockey Schedule

Owing to a slight error occurring in the league schedule published by us last week, we reproduce it in correct form as below:  
Dec. 25—Coleman vs. Blairmore  
Jany. 1—Blairmore vs. Frank

" 3—Frank vs. Coleman  
" 8—Coleman vs. Frank  
" 10—Frank vs. Blairmore  
" 15—Blairmore vs. Coleman  
" 17—Blairmore vs. Frank  
" 22—Coleman vs. Blairmore  
" 24—Frank vs. Coleman  
" 30—Coleman vs. Blairmore  
" 31—Blairmore vs. Frank  
Feb. 7—Frank vs. Coleman

" 14—Blairmore vs. Coleman  
" 19—Blairmore vs. Frank  
" 21—Coleman vs. Blairmore  
" 24—Frank vs. Coleman

### Guard Against Contagion

"At Regina on Thursday, December 12th, W. H. Underwood of Milestone, was fined \$100.00 and costs on two separate charges under the Animal Contagious Diseases Act. Mr. Underwood had imported a number of horses from the United States which were found to be affected with a contagious disease known as Dourine. They were immediately placed in quarantine. A certain number were destroyed, and the rest placed under strict quarantine in order that the Canadian horse breeders might be protected from this importation of disease from the United States. Evidence was obtained that one of the suspected stallions was removed from the quarantined premises and also that the same was used for breeding purposes. W. M. Martin acted for the accused and entered a plea of guilty. C. E. Wood prosecuted for the Department of agriculture at Ottawa.

"The work of dealing with Dourine is of such nature that in the interests of horse breeders it is highly desirable that prompt and effective action be taken in cases where the quarantine requirements of the Canadian Government are not at all heeded."

The Blairmore hockey team play a return exhibition game at Fernie on Monday next.

### Macdonald is Known in East

The following past history of James Macdonald, who was recently arrested and now awaits trial at Macleod for mail robbery, is given out by the Herald, of North Sydney:

"James Macdonald who at one time was employed in the defunct Enterprise office, and who got away with some \$3,000 from the post office here about four years ago, for which he was convicted and sentenced to a term of five years in Dorchester penitentiary, eighteen months of which he served when he was allowed his liberty, was arrested last week in Alberta on a similar charge. After regaining his liberty Macdonald returned to this town, and later went to Sydney, securing employment on the Record staff and then went to Glace Bay, securing a job on a defunct newspaper. After the latter had ceased to be Macdonald went West, where he got himself again in trouble."

At the time James Macdonald committed the theft in the post office here, he was not an employee of the office, and never was. However, he was in the habit of loitering about the office, and it was while thus engaged one day, he saw one of the clerks place a package of notes sent by the Union bank to be forwarded to the head office in Halifax, in one of the mail bags. When the clerks were engaged in their work, Macdonald secured the bag, and left the building. Under cover of darkness he proceeded up Queen street, and taking the money out of the bag, he cut up the latter and threw it over the bank into the waters of the harbor. The next day the loss was discovered, but no suspicion was placed on Macdonald until a couple of days afterwards when he left here to attend the exhibition in Charlottetown. On the way Macdonald showed rolls of bills to several of his friends in this town, and while in the Island city he cut a great dash, buying rings and jewelry for several young ladies of the city, whose acquaintance he had but formed.

Later he went to his old home a short distance outside of Summerside, where his stepmother resided. It was while asleep in the home of his childhood that the officers found him, and under his pillow was found the major part of the stolen money, besides a revolver he had purchased. Upon his return here Macdonald confessed all, and was given a four years sentence, after returning to ex-postmaster Musgrave a couple of diamond rings and other stuff he purchased with the stolen money."

It was a terrible night at sea, waiter,  
And many are missing, I think  
But as near as I can remember  
I never missed a drink.  
The one in blue got my spark, waiter,  
The side kicker got my clock,  
I don't want to know what time it is—  
Please lead me down to the dock.

Lead me down to the dock, waiter,  
For a watery grave I pine;  
The place for a man who is pickled  
Is over his head in brine.  
Toll Doc, Fulmer at the Fairmont  
I died as a hero should;  
Up to the neck in cold, cold soda,  
Guaranteed drawn from the wood.

I'd like to leave you a gift, waiter,  
To just remember me by.  
And just to show you that I am not tight  
You can have my piece of pie,  
And after I sink in the deep, waiter,  
You'll do me one favor I hope;  
Tell them, if I blow up bubbles,  
That it wasn't from eating soap.

—Ex.

### Temperance Victory In Ontario

Local option carried in the following Ontario townships last week: Clinton, Ingersoll, Forest, Embro, Wardville, Dutton, Delaware, Morris, Turnberry, London, and failed to get the necessary three-fifths majority in Park Hill, Dresden, Wingham, Petrola, St. Mary's, Thameville, Ayre, Bayfield, Sarnia.

### The Day After

Bring me a dry Martini, waiter:  
Chase me something that is wet,  
I attended the banquet last night  
And I haven't got over it yet.  
Throw me a pleasant look, waiter:  
Smile on me, pray don't frown,  
And pour some glue on my breakfast  
So I can keep it down.

I here they've discovered the pole, waiter,  
I wish I had it here now;  
They can't come any too cold for me  
To put on my aching brow.  
Many a schooler was wrecked last night,  
And the waves ran mountains high;  
Personally, I was scolded to the gills,  
But today I am awfully dry.

It was a terrible night at sea, waiter,  
And many are missing, I think  
But as near as I can remember  
I never missed a drink.  
The one in blue got my spark, waiter,  
The side kicker got my clock,  
I don't want to know what time it is—  
Please lead me down to the dock.

Lead me down to the dock, waiter,  
For a watery grave I pine;  
The place for a man who is pickled  
Is over his head in brine.  
Toll Doc, Fulmer at the Fairmont  
I died as a hero should;  
Up to the neck in cold, cold soda,  
Guaranteed drawn from the wood.

I'd like to leave you a gift, waiter,  
To just remember me by.  
And just to show you that I am not tight  
You can have my piece of pie,  
And after I sink in the deep, waiter,  
You'll do me one favor I hope;  
Tell them, if I blow up bubbles,  
That it wasn't from eating soap.

Moving picture theatres in Saskatchewan are being limited to one for every 5,000 of the population.

Mrs. A. R. Talor, of Crider, Mo., has been troubled with sick headache for about five years, when she began taking Chamberlain's Tablets. She has taken two bottles of them and they cured her. Sick headache is caused by a disordered stomach for which these tablets are specially intended. Try them, get well and stay well. Sold by all dealers.

## Cookery Points

## Damon Cake.

Cream three-quarters of a cupful of butter with one cupful and a half of brown sugar. Add two eggs and a cupful of cream in which half a teaspoonful of soda has been dissolved. Sift three cupfuls of flour with a teaspoonful of baking powder, two level teaspoonfuls of cinnamon, half a teaspoonful of cloves and half a teaspoonful of grated nutmeg. Stir the other mixture into those dry ingredients, and where a smooth batter has been formed mix with a paste previously prepared by melting a square of chocolate and then mixing it with a quarter of a cupful of light brown sugar and a quarter of a cupful of hot water. Cook this mixture till it is smooth before adding it to the batter, and then before putting the batter into the pans add a cupful of chopped nuts and fruit—raisins, citron and so forth, according to the richness desired. This cake may be used as a layer cake in a shallow loaf form. It does not need a rich frosting, the butter being rich. Creamy sour milk may be used instead of sour cream, but it is better to add a little extra butter. The almonds should, of course, be blanched and cut in this strips and the citron into thin shavings.

## Muck Game.

Cut some slices of beefsteak into pieces half an inch thick and square. Lay a piece of raw bacon on each and dredge well with flour. Roll up meat and slices of beefsteak. Roll some dripping in a saucet pan, put in the meat and brown nicely, then add a finely chopped onion, half a teaspoonful of oil of capers, a wineglassful of vinegar and the same quantity of stock. Cover and stew all together very slowly till tender.

## Place the meat on a hot dish.

Strain the gravy, thicken it with browned flour. Season with pepper and salt and a tablespoonful of red-currant jelly. Pour the gravy over and around the meat and garnish with slices of toast and pieces of red currant jelly.

## Angels' Food Cake.

Take the whites of ten eggs, one cupful of flour, one and a half cupfuls of sugar and one teaspoonful of vanilla extract. Sift the sugar four times, with a teaspoonful of cream of tartar added also a pinch of salt. Beat the eggs until light and dry and add the sugar lightly, then beat the vanilla. The secret of success is in the mixing and baking. Put together in the order given. Do not use a spoon or beat bar. Beat the eggs with a wire egg beater and use the beater to mix the cake. Bake in ungreased angel cake pans for forty minutes to one hour. Let the cake cool in an inverted position before removing from the pan. The oven must be a moderate one.

## Complete of Apples.

Large and rather tart apples are the best for this purpose. They should be pared and cored and cut into equal parts. Make a syrup with half a pound of lump sugar and a wineglassful of sherry and another of water. Bring it to boiling point.

Drop the apples into this and cook them till perfectly tender, but do not let them break. Lift them out on a plate as soon as done.

When all the apples are cooked boil the syrup a little longer to reduce it and deepen the color by the addition of a few drops of cochineal. Then pour over the apples and serve in a glass dish.

## French Cucumber Salad.

Take four medium sized fresh cucumbers, half a cupful of sweet cream, a quarter of a cupful of vinegar and two tablespoonfuls of salt. Peel the cucumbers and slice thin layers lengthwise until the seeds are reached. Place a layer of cucumber slices in a dish, then sprinkle with a layer of salt. Repeat until all sliced cucumbers are used. Allow to stand several hours on the ice. When ready to use remove cucumbers from the liquid, spread on towel and wipe dry. Place in a bowl and add, alternately, cream and vinegar. Serve on bed of lettuce or cream.

## Curry Soup.

Peel and slice three apples and three onions. The onions should be sliced from the top to the bottom. Place them in a saucepan with two ounces of dripping and a tablespoonful of curry powder and fry gently without charring for about half an hour.

Stir occasionally. Pour in two quarts of plain or fish stock and cook for half an hour. Add enough flour to thicken the soup and boil for three minutes. Season with pepper, salt and a dash of lemon juice and serve with boiled rice.

## Braised Bacon.

Wash and boil a couple of fair-sized beets until they are tender, then remove the skins and cut them in slices. Dissolve half an ounce of butter in a little water and add to the slices of beets and stir in a large tablespoonful of stock or water, adding a little vinegar and pepper and salt.

Boil first, then lay in the slices and salt, cover the steamer closely and stew gently for an hour. Turn carefully into a hot dish and serve at once.

## TRAVELING SUITS.

Chinese Shantung a Selfish Man.

It is not so easy to change a costume for traveling in summer as in winter. Even with the freshest of linens at the start one is apt to look soiled and dusty in a short while, and serges are too warm unless one is going instantly to a cool climate. Trunks are not especially serviceable, and satin is hot, so one must choose with thought and after much looking around.

So far the genuine Chinese wears of shantung has proved most satisfactory for traveling. Its indefinite tan tones do not show soil easily, and those who have tried it out on trips of long duration have found that it was worth the money they put into it.

A slim, short skirt of this, with one or two new neck coats that have a slight fullness at the back of the waist line held under a short belt, is a good model to select. The skirt should have a built back, or one side plain, but it should avoid wide bow plaits or the loose panel. It is a good thing to remember just here that these additions should not be put on the back of a skirt when it is made of a fabric that easily wrinkles.

The skirt which buttons down the front should be made of a material that will not wrinkle, and the four inch hem should be stitched with one row of self-colored silk at the top. The coat, in addition to its negligee back, should be open to the waist line, have wide revers and collar and long sleeves that are finished with two inch turnover cuffs held at the back with buttons.

## A JAPANESE ROOM.

Charming Ways of Using Boudoirs. From Miss Mabel.

A collector of Japanese prints and embroideries who found that she had amassed several very beautiful specimens of the mikado's hand asked an expert how she should furnish a room in which they were to play a prominent part.

The room is practically furnished already," said the practically interrogated. "In fact, the fewer pieces of furniture you have in it the better you will be pleased with the result."

"Have black walls," What would be more beautiful as a background for the glorious splashes of blue water, the radiant sunsets and the prints crowded with figures in monochrome which you have here?

"Screens you must have in black wood frames, for some of your embroideries will make exquisite panels, and other pieces can be let into the wall, so that you may sit near them and admire the perfection of design and coloring you have secured."

"I would have a black carpet so that no alien color scheme may creep into your room, and, besides that, you yourself will radiate color, for you will have some made into gowns and will wear them always in this particular apartment. Any other type of toilet would look banal to it."

"Let there be no upholstered chairs, divan, tables, and no furniture but the Japanese china you have among your treasures."

## Cleaning Windows.

For cleaning windows use ammonia in the proportion of one tablespoonful to one gallon of water or whitening mixed with cold water to a paste about as thick as cream. But the work can be performed by using clean water and two chamdo leathers, one for washing the glass and the other for polishing. The leather should be kept dry and soft. See that the wash leathers are quite clean and do not make the glass so wet that the water drips from it. Have plenty of clean water and change it frequently. Dip the chamdo in this and rub the panes, taking care that the corners are not forgotten. Wring the cloth tightly and go over the surface of the glass a second time. Then polish with the other wash leather.

## Summer Belongings of Cretones.

A collapsible scrap basket, a fling basket and a writing paper box, all made of pasteboard, covered with cloth.

## LIBRARY FITTINGS OF CRETONES.

green and white cretones, are pictured here. They offer an agreeable change from heavier brass and wood articles used during the winter season.

## A Dainty Cellar.

To wear a little colored linen dress as a sailor collar of allovernet milk is most effective.

It requires a half yard of material. After cutting the collar out finish the edge with an inch wide frill of finely plaited net.

Cut the frill so that it may be made with rounded or square corners and edged with the plaited net.

If a touch of color is desired a row of pinkish-tinged net may be used to the collar of the apron.

## CAMP COMFORTS.

Life in the Open North of its Hand.

Camping as a summer recreation has grown rapidly in popularity during the last few years and promises to enjoy greater favor this season than ever before. The reason is not far to seek. The material difficulties of camp life are being steadily eliminated, and life in the open has been shown of most of its hardships.

Among the new devices for camp cookery are small aluminum bakers, saucepans and fryers pans with handles to be removed for packing. Small, dressless cookers are made especially for campers and are particularly useful when all day trips for fishing and hunting form part of the program, for their return the hunter, and a hot dinner ready for them.

Neats of cooking dishes are a trifle expensive, but well worth the outlay as they can be packed in a minimum of space. Vacuum bottles are now much less expensive than they used to be and are invaluable to the camper. Water pails come in collapsible canvas, and of course there are plates and cups of paper, so inexpensive that they can be thrown away after using.

One camping party has provided itself with paper towels at a cost of 50 cents for 150 and calculates that they will save some better about laundry work. Books of soap leaves are another suggestion.

In the matter of food for the camp inventive minds have been equally busy. There is a certain fascination about making coffee over a campfire, but the novelty soon wears off, and it is most convenient to be able to have a cup of coffee with only the trouble of boiling the water, powdered coffee doing the rest of the work. A small supply of the powder costs only 25 cents and will serve about thirty persons. Most campers try to arrange to get fresh milk from a nearby farm, but even if this supplied it is well to have condensed milk in reserve.

Hunters and fishermen sing the praises of "berserkum," a fine powder from which a tempting soup can be made merely by adding water. It can be bought in all stores that handle sporting goods and probably also in large grocery stores.

## Mackinac the Thing.

The bright green cloth Norfolk coat, called popularly the mackinac, is the called summer coat for outing wear, and very attractive are these green

## FOR THE BABY.

Dainty Caps That May Be Fashioned From Lace Brads.

Lovely bonnets are made of lace brads joined with various fancy stitches. Two pretty brads are combined in this bonnet, and several stitches familiar to housewives have been used.

Base the brads carefully on the cambric pattern, wrap the edges into place and see that all joinings are neatly and securely made before making the finishing stitches. Remember al-

ways that the working side is the wrong side of the finished lace, says the Modista Priscilla.

This dainty bonnet is melon shaped and made of three pieces of net embroidered in a dainty wall-to-wall design and joined with lace insertion. The design comes stamped upon lawn, over which the net is basted and the embroidery done through both materials. When completed the lawn is cut away from under and the embroidered design left upon the net. If desired a silk lining may be added.

## TEMPTING SWEETS.

Delicious Desserts For the Summer.

One cupful of finely chopped figs, two and a half cupfuls of bread-crumbs, two-thirds of a cupful of chopped nutmeg, one cupful of brown sugar, three eggs, half a cupful of milk, a quarter of a teaspoonful of salt, half a cupful of cocoa and one teaspoonful of vanilla extract.

Mix in the basin the nut, figs, bread-crumbs, cocoa, sugar, salt, milk and vanilla extract, then add the egg, well beaten. Mix thoroughly and pour into a buttered mold. Cover with a buttered paper and steam for three and a half hours.

Turn out and serve cold, decorated with whipped cream, sweetened and flavored with vanilla extract.

Cocoa Ice Cream—Two cupfuls of milk, one cupful of sugar, one tablespoonful of cornstarch or arrowroot, four egg yolks, two cupfuls of cream or one cupful of milk and two tablespoonfuls of butter, one-fourth to half a cupful of cocoa, one teaspoonful of vanilla extract and three-fourths of a teaspoonful of salt. Mix the cocoa, sugar and cornstarch or arrowroot, add scalded milk and cook twenty minutes in double boiler. Beat eggs, add cream or milk and butter. Pour on to this mixture cornstarch mixture, add vanilla and freeze. One cupful of raspberry juice added just before freezing gives a pleasant variety.

French Rice Pudding—A quarter of a pound of ground rice, one pint of milk; three eggs; two heaping tablespoonfuls of sugar; one lemon rind; one heaping tablespoonful of butter, brown bread crumbs and three ounces of malted raisins. Grind the rice in a coffee mill. Boil the milk slowly, sprinkle in ground rice. Boil till thick, six minutes. Remove and add sugar and butter. Mix well, cool a little, add eggs, well beaten. Stir and flavor with grated rind of half a lemon. Butter a plain mold, dust with toasted crumbs, pour in the pudding. Bake one hour in a moderate oven. Serve with lemon sauce.

Night and Morning Toothbrushes. Night and morning toothbrushes are a novelty among milady's modern toilet articles. Each brush is built on different curves, one with an outward curving handle and the other with an inward curving handle. The difference in construction is said to be an important factor in freeing the teeth from all particles of food. Any scraping the one brush cannot escape the other, and by using both alternately it is said that absolutely no foreign substances can remain lodged between the teeth, no matter how close these may have grown together. The finest of bristles are used in the construction of these brushes, and the handles are carefully shaped to fit the hand.

To Test the Heat of an Oven. Place a slice of cold white butter in the oven. If it burns immediately it is too hot for anything. If it turns a delicate brown it indicates perfect heat. For cake it should be dark brown, for light yellow shows the proper heat for biscuits and sponge cake.

For meats the oven may be hot at first. This keeps the juices in the meat.

Increased by a collar of white pique and white cotton buttons.

A white hat and veil and white buckskin buttoned boots complete a dainty morning beach costume.

To Improve the Neck. An excellent exercise for expanding the chest and filling out the hollows of the neck and throat is to rise upon the tips of the toes at the moment of inspiration and hold the breath, throwing it forcibly against the muscles of the throat and neck, while you count fifteen; then exhale forcibly and come down upon the heels. Repeat ten times night and morning when the throat is so constricting about the body.

Finger Tips. Don't cut the cuticle or any part of the flesh around the nails. Don't polish the nails too highly. They should have only a natural gloss. Don't file the nails in points, but carefully arch them.

Don't allow the nails to remain long, soiled, with anything that will stain them.

Prills at the Moment. When girls giggle they say, "He is so funny."

No woman makes a fool of a man. The process is always automatic. Most of the men are ready to furnish the whip to be driven over a wall.

Why is it that you never hear of men being for breach of promise? She wants him to be a hero, but to take no chances of getting hurt.

If she could select his clothes he would always match the carpet to the sitting room.

It is an extraordinarily plain man who will not admit that his wife can sweep better than he.

Fortune is a woman, but she is never so good as to be made more dependent in a divorce suit.

A wise girl is sometimes pleased by a story, but she is never bewildered by it.

## THE INVALID'S DINNER.

Let the Meals Be a Series of Delicacies.

It is surprising what a dainty dinner will do for an invalid. The dinner must be served attractively, not on a tray, but on trays, in courses—a dinner which will gain in zest and novelty by being a series of surprises, the invalid not knowing just what is coming next. Heat a bouillon cup by allowing hot water to stand in it while heating the soup from a small can, to which add a shake from the celery salt bottle. Toast one cracker in the oven. Take the bouillon cup, covered with a pretty dolly, and place on it the toasted cracker, laid on a dainty bread and butter plate, a thin tumbler of water, and then fill the vacant spaces with bits of green vine or leaves from the house plants.

The next tray should be carried up and set outside the invalid's room until the previous one is brought out. On it have a small platter containing what looks for all the world like a little turkey, or a day ball of cream, stuffed and garnished with parsley, but which is in reality a plump partridge or a squab. Have a small mold of currant jelly, a bit of crabmeat and on a hot plate, covered, a slice of sweet potato that has been baked in the pan with a little "butter" or a day ball of cream.

These trays offer good opportunity for variation in edges and flower decorations which may be worked out in colors.

In a boudoir where all else has a touch of Irish color these little frames will fit in admirably.

Funched work is enjoying the top notch of popularity just now and is being used on every conceivable article in household or wardrobe to which needlework is applied. Centrepieces show a legion of ways in which to use this much liked work in combination with solid embroidery. Counterspanes exhibit some wonderful effects in punched work; collar and cuff sets are much enriched and elaborated with the same style, and for children's and infants' accessories it is decidedly the thing.

The Beach Costume. A few yards of inexpensive cotton lawn will give you this gown, which has such much distinction, which is

increased by a collar of white pique and white cotton buttons. A white hat and veil and white buckskin buttoned boots complete a dainty morning beach costume.

To Improve the Neck. An excellent exercise for expanding the chest and filling out the hollows of the neck and throat is to rise upon the tips of the toes at the moment of inspiration and hold the breath, throwing it forcibly against the muscles of the throat and neck, while you count fifteen; then exhale forcibly and come down upon the heels. Repeat ten times night and morning when the throat is so constricting about the body.

Finger Tips. Don't cut the cuticle or any part of the flesh around the nails. Don't polish the nails too highly. They should have only a natural gloss. Don't file the nails in points, but carefully arch them.

Don't allow the nails to remain long, soiled, with anything that will stain them.

Prills at the Moment. When girls giggle they say, "He is so funny."

No woman makes a fool of a man. The process is always automatic. Most of the men are ready to furnish the whip to be driven over a wall.

Why is it that you never hear of men being for breach of promise? She wants him to be a hero, but to take no chances of getting hurt.

If she could select his clothes he would always match the carpet to the sitting room.

It is an extraordinarily plain man who will not admit that his wife can sweep better than he.

Fortune is a woman, but she is never so good as to be made more dependent in a divorce suit.

A wise girl is sometimes pleased by a story, but she is never bewildered by it.

## Woman's World

Mrs. Blaney Delegate to Republican National Convention.

MRS. CHARLES D. BLANEY.

As a result of the recent "votes for their victory" in California, Mrs. Charles D. Blaney has been chosen as one of the four women delegates to the Republican national convention. Her home is in Saratoga, Santa Clara county.

What Women Are Doing. Miss Mary J. Pillsbury is in charge of one of the most unusual libraries in the world. This library is in a small building on Mount Vernon street, Boston, and the books are lent to churchmen exclusively. The library is entirely religious and theological. The books are sent to any minister in any hamlet or city in any of the six New England states. Of the 7,000 ministers in New England more than 2,000 are regular patrons of the library.

The books appeal to all denominations. During the past year the Congregational and the Methodist borrowers numbered 400 each, the Baptists more than 300 and the Episcopalians more than 200. Two Lutherans take the books continuously, three Adventists and twelve Friends. Books on social questions are said to be by far the most in demand among ministers; next come biographies with works on pure theology near the bottom of a fairly long list.

Mrs. Scott Hopkins is the president of the Woman's Kansas Day club, through whose leadership a monument to the pioneers of the Santa Fe trail has just been erected at Great Bend. At their annual meeting in 1906 the members of the Day club decided to acquire a Pawnee rock as a site for the proposed monument. One year later they presented the rock, which lies across of land about it and a road lead up to it, to the state. Pawnee rock is named by the old Santa Fe trail. It is fifty feet high, and the monument, which is a granite shaft of twenty-eight feet, surmounts the apex, being imbedded in the rock.

The Day club was assisted in erecting this monument by the Daughters of the American Revolution, the Woman's Relief corps, the State Federation of Women's Clubs and the Woman's Christian Temperance union.

The Extreme Suffragette. Three Women Old-Maiden, I want some crackers and jam!

Mother—No, dearie; you can't have any more until Mrs. Fankbush is out of jail.

Grown Son—This motorcar of mine is a disgrace to the family. Guess I'll go out and look at some English trees.

Mother—English tweeds! Horrors, Harold! You wouldn't be so disloyal! There's only one month to wait.

Grown Daughter—Mother, I saw a duck of a hand bag downtown today—London make. I think I'll buy it to-morrow.

Mother—Oh, my daughter! How can you give to so to your personal vanity while that martyr is suffering?

Father—But, see here, Mrs. Suffragette! I was just dickeering for a swell set of dinner dishes for you—best English make. Your birthday comes next week.

Mother (wildly)—Give it to me for Christmas! I can't take it now. Maybe she'll be out of jail by then for good behavior.

Prills at the Moment. When girls giggle they say, "He is so funny."

No woman makes a fool of a man. The process is always automatic. Most of the men are ready to furnish the whip to be driven over a wall.

Why is it that you never hear of men being for breach of promise? She wants him to be a hero, but to take no chances of getting hurt.

If she could select his clothes he would always match the carpet to the sitting room.

It is an extraordinarily plain man who will not admit that his wife can sweep better than he.

Fortune is a woman, but she is never so good as to be made more dependent in a divorce suit.

A wise girl is sometimes pleased by a story, but she is never bewildered by it.

## Happenings in and Around Bellevue

Matt Latrain is around again  
after a severe attack of typhoid.

Mr. McIntyre, of Calgary, is in  
town on real estate business.

Malcolm Link was in Bellevue  
on Saturday. He may locate  
here.

John Christie spent New Year's  
with his friend George Noble at  
Fernie.

The Bellevue orchestra had two  
out-of-town engagements last  
week.

**BORN:**—to Mr. and Mrs. Sam  
Shone on Thursday, January 2nd,  
a daughter.

Mr. Merrick, of Frank, has ac-  
quired a position as mechanic at  
the Bellevue mine.

The members of the local union  
held a smoker in the Socialist  
Hall on New Year's night.

Mrs. Wilfred Wolstenholme and  
Mrs. Steve Humble were Blair-  
more visitors on Friday last.

George Zawada met with an ac-  
cident in the mine on Saturday,  
which resulted in a broken finger.

Billy Newton, the local boxer,  
entered the Bellevue hospital on  
Tuesday to undergo an operation  
for rupture.

Persons troubled with partial pa-  
ralysis are often very much ben-  
efited by massaging the affected parts  
thoroughly when applying Chamber-  
lain's Liniment. This liniment also  
relieves rheumatic pains. For sale by  
all dealers.

J. R. Knight, the Socialist, who  
recently contested the by-election  
for a seat in the provincial house  
at Edmonton, will deliver a lec-  
ture in the Socialist hall, Bellevue,  
on Sunday afternoon at 2.30.

The Scotchmen of Bellevue are  
intending to keep up the custom  
of celebrating the birthday of the  
immortal Bobby Burns on Janu-  
ary 25th. A concert and dance  
will be held in the Socialist hall  
on the evening of that date.

Fredric Beale, the local west-  
ler, is matched to wrestle with  
Tommy Smith, of Hillcrest, in  
Bellevue on the night of January  
18th. This should prove a match  
of exceptional interest, as both  
men are of about equal weight.

Nobody slept in Bellevue on  
the night that marked the advent  
of the new year. Everybody was  
entertaining visitors in real old  
"hug-me-my" fashion, and best  
wishes for a happy and prosper-  
ous New Year were extended by  
all hands.

Joseph Virden, late mechanic of  
Frank, has taken over that position  
in Bellevue. Mr. Virden held the  
same position here previous to  
the explosion and we are pleased  
to welcome the family back to  
Bellevue.

An exciting runaway occurred  
in Bellevue on Monday afternoon,  
when the team belonging to a  
Blairmore firm bolted and did a  
few acrobatic stunts around Bel-  
levue hotel that would do credit  
to a circus. They finally struck the  
holy ground of the Methodist  
church and could go no farther.  
There was no serious damage done  
but all wits of hair breadth  
escapes.

Joshua Atkinson met with an  
accident in the mine about 11  
o'clock on Saturday night, which  
nearly cost him his life. He was  
working in one of the chutes when  
a fall of rock from the roof com-  
pletely buried him. He was only  
saved by the alertness of his part-  
ner, C. H. Carrington, and others  
inextricating him. He was re-  
moved to his house instantly  
where an examination made by  
Dr. Mackenzie revealed no more  
serious damage than some severe  
bruises. He will be laid up for  
some time.

## Frank Notes

Rev. W. T. Young returned  
from Edmonton on Friday last.

Miss McCallum returned to town  
from her holidays on Saturday  
last.

The Frank school re-opened on  
Monday with the same staff as  
1912, Mr. Mackay, principal, and  
Misses Berry and McCallum.

When you want a reliable medicine  
for a cough or cold take Chamber-  
lain's Cough Remedy. It can always  
be depended upon and is pleasant  
and safe to take. For sale by all  
dealers.

The Coleman hockey team failed  
to turn up for the league game on  
Wednesday night. In consequence  
the committee will have to con-  
sider as to whether the night was  
really too stormy for Coleman to  
journey to Frank, or whether Col-  
man should lose by default.

If your children are subject to at-  
tacks of croup, watch for the first  
symptoms, hoarseness. Give Cham-  
berlain's Cough Remedy, as soon as  
the child becomes hoarse and the  
attack may be warded off. For sale  
by all dealers.

## NOTICE

### To Creditors and Claimants

NOTICE is hereby given that all per-  
sons having claims upon the estate of  
the late Charles Anderson Dana  
McNeill who died on or about the 11th  
day of February 1908, are required to  
send to JENNISON & CRAIG, Solicitors  
for Francis F. McNeill, Administratrix,  
at Calgary, on or before the 31st day of  
January 1913, a full statement of their  
claims and of any securities held by  
them, duly verified, and that after that  
date the said Administratrix will pro-  
ceed to distribute the assets of the  
deceased among the persons entitled  
thereto, having regard only to the claims  
of which notice has been filed with the  
said Solicitors.

DATED this 8th day of January A. D.  
1913.  
Approved  
(sgd) J. L. CRAWFORD  
Judge.

The report of a fire at Mayle last  
on Wednesday night caused con-  
siderable anxiety around town.  
First reports stated that the whole  
of the town was endangered and  
quite a number of noted "fire fight-  
ers," including D. C. Drain, drove  
out to the scene of conflagration,  
only to find that a small unoccu-  
pied shack had smouldered to  
ashes.

Here is a remedy that will cure  
your cold. Why waste time and  
money experimenting when you can  
get a preparation that has won a  
world wide reputation by its cures of  
this disease and can always be  
depended upon? It is known every-  
where as Chamberlain's Cough  
Remedy, and is a medicine of real  
merit. For sale by all dealers.

## Happenings in and Around Burnis

James Dougall has just returned  
from a business trip to Spokane.

Joe is reported to be paying at-  
tentions to the prospective bride's  
sister. Joe is good looking, too.

E. T. Fitzsimmons left Burnis  
last week, and James Dougall im-  
mediately moved into the house  
thus unoccupied.

Cy Chester has returned with  
his blushing bride. He is stated  
to have grown a full inch and is  
already more jolly.

Mr. Knight, a Socialist orator,  
was in town telling the boys how  
to get rich on three-hour-a-day  
work. Wow, wow!!

Bert Foster, the popular stereo-  
keeper, who has been keeping  
things in order while Mr. Chester  
was indulging in honeymoon  
bliss, has left town for the beau-  
tiful city of Homer, where he in-  
tends to stay for a time.

I. C. Stevens was a visitor in  
Calgary, and returns to tell us  
that as usual the real estate man  
is much to the fore. Taber and  
Medicine Hat, with a touch of Al-  
berta thrown in, are the chief  
places on the map for investors.  
He even says that he visited an  
office where Taber occupied a large  
area on the map than Calgary,  
which is sure going some.

The annual meeting for the  
Burnis school district was held on  
Saturday last and a good attend-  
ance was in evidence. The meet-  
ing was conducted in accordance  
with directions set out in the Act,  
and the chairman, J. L. Parker,  
upon being questioned, explained  
very clearly what "ipso facto"  
meant. (I forgot what it was).  
The election of trustees was done  
by acclamation and the following  
gentlemen were elected for the 3, 2  
and 1 year terms respectively:  
J. L. Parker, H. E. Riddle and L.  
C. Stevens. After the general  
meeting, a meeting of trustees was  
held, at which W. A. Brown was  
again appointed secretary-treas-  
urer. Mr. Tonks, the school mas-  
ter, was asked to continue his  
duties. The question of debent-  
ures was gone into and arrange-  
ments made for immediately trans-  
ferring the holding of the school  
from the church to the new school  
house. One thing appears certain  
and that is, the new bungalow go-  
ing to even things up consider-  
ably.

The president of the order of  
Guzuks drew attention to the  
weekly meeting to the "proclama-  
tion" by the Hillcrest correspon-  
dent, as indicative of the rise in  
civilization. He also pointed out  
that some Hillcrest visitors to Ca-  
lgary stated that Calgary has  
Burnis beaten a block, but further  
edification at the hands of their  
correspondent will cure such  
notions. The success of Burnis is  
assured, as everybody knows.  
We have the goods, the location  
and also the inevitable business  
push as "requisite and necessary"  
as the parson tells us. It is not  
Burnis that troubles us so much,  
as the C. P. R. Agent and the  
necessity of the station. There  
are no two ways about it. The sta-  
tion is as hard to approach as the  
agent. Snowdrifts, etc., etc., throw  
any man around things in  
that direction which is difficult to  
pierce. However, the spring will  
soon be with us, and when every-  
body is drinking "Beck" all will  
be well.

A letter was read by the sec-  
retary, asking for assistance in the  
settling of the Balkan troubles.  
He was instructed to reply to  
the effect that Canada was do-  
ing the best possible to drain  
the population of the Balkans

and that after a few years it  
might be that our surplus Eng-  
lish and Canadian stock would  
emigrate to Serbia, Bulgaria, etc.,  
in which case things would soon  
be "fixed right."

Secretary asked to enquire re  
the system adopted by the Empire  
Hotel at Macleod, whereby it  
works in such a way that north-  
bound travellers pay \$1.25 for a  
bed and an return pay 75 cents  
for the same accommodation in  
the same room.

The question re the comple-  
tion of the Guzik skating rink  
was brought up. It was asked  
whether Hillcrest had anything  
to do with the awarding of the  
contract. He was assured that  
Beaver & Co. would have every-  
thing ready before the next frost  
and that Hillcrest had nothing to  
do with the work in question.

Bellevue (we are always more  
partial if the name of the place  
begins with a "B") strikes me as  
being rather liable to be saddled  
with "snap" hotels, real estate  
and otherwise. We are greedy  
with notice. "It beats mining.  
Invest in this bunch of prairie or  
that expanse of timberland to  
much a lot, \$10 down and \$10 a  
month. You won't lose the money.  
When you are through the bill of  
living in a place like Bellevue  
won't trouble you." Where does  
Bellevue come in—Bellevue with  
its opportunities, the place  
where the money is being made  
and the home of the "recess  
champs." That it is situated be-  
tween Hillcrest and the Frank  
slide as a rose between two thorns  
only enhances its value, why make  
real estate men fat on an off-  
chance of getting stung. That  
real estate agents may be ad-  
vised are honest there is no doubt,  
as we have a good Guzik who is  
honest as a lawyer; but let them  
peddle with more discretion.  
Brother Guzik, the lesson is that  
when you travel and see all the  
various inducements to get away,  
remember the can you live in if  
you have to invest, don't be mis-  
led into sending it too far from  
home, and if the desire is over-  
powering, as a last resort hand it  
over to me.

This meeting being held in the  
forenoon, the members adjourned  
to inspect the football ground  
with a view to cutting down the  
size to conform to other grounds  
in The Pass. The flag pole was  
found to be standing at a tilt  
and decided to strengthen the cross-  
bar of the goal post occasioned  
by the terrific shot put in two  
weeks ago by a few of our players.

## THEY NEVER KNOW A DULL MOMENT

No matter when or where you go—over  
frozen ground, ice, slush or snow, you'll  
get there and back without worry to you  
or your horses if they are sharp-shod  
with

### HOWE RING-POINT CALKS

Improved Tool Steel Center  
None so sharp at first, none stay sharp  
to the last, and last so long. It's the  
steel blade that makes a good knife.  
It's the FULL LENGTH TOOL STEEL  
CENTER that makes Ring-Point Calks.  
You can use detachable calks with a  
worn center. When the wire drops  
out, the calk wears out, and you're  
out of the pocket. The steel center of  
Ring-Point Calks stays in till worn out.  
It's welded to the shaft. It cannot be  
driven up by sticking stones in the road.  
It cannot work down, because it's held  
by the weld. Ring-Point Calks cost  
less because they save most. You pay  
but once and have sharp calks always.  
Don't throw money on the ground and  
lose it. Don't use old-time bar calks.  
Don't use center-drop wire filed  
calks. Get your money's worth by  
using Ring-Point—the ones that never  
know a dull moment. See me about  
them today.

New and second-hand Rigs  
and Sleighs for sale.  
at Gresham's Forge  
Frank, Alberta
